BNP PARIBAS
ASSET MANAGEMENT

Engagements per company in 2025

BNP Paribas Cardif, the insurance arm of BNP Paribas, completed the acquisition of AXA Investment Managers (AXA IM) on the 1st of July 2025. On the 31st of December 2025, BNP Paribas asset management activities¹ merged their main legal entities under a unified structure owned by BNP Paribas Cardif and operate under the BNP Paribas Asset Management brand. This integration brings together complementary organisations with shared values and a long-term commitment to sustainability. A transition period started in the second half of 2025 and some policies and processes may reflect the practices of legacy organisations at the time; however, all teams have been working under a unified governance framework since the merger.

BNP Paribas Asset Management (BNPP AM) and the former AXA Investment Managers (AXA IM) are the source for all data presented in this report, which is as at 31 December 2025.

Throughout this document, when necessary to differentiate, **BNP Paribas Asset Management (BNPP AM) content is highlighted in green**, **AXA Investment Managers (AXA IM) content is highlighted in blue**.

While we set out changes to company practice and disclosure that were in line with our expectations and/or recommendations, we acknowledge that these changes in many cases may not have resulted from our engagement alone, as companies take input from many other investors and stakeholders.

The securities mentioned in this document are for illustrative purpose only, are not intended as solicitation of the purchase of such securities and does not constitute any investment advice or recommendation.
