New Zealand WARNING STATEMENT

- a) This offer to New Zealand investors is a regulated offer made under Australian and New Zealand law. In Australia, this is Chapter 8 of the Corporations Act 2001 (Aust) and regulations made under that Act. In New Zealand, this is subpart 6 of Part 9 of the Financial Markets Conduct Act 2013 and Part 9 of the Financial Markets Conduct Regulations 2014.
- b) This offer and the content of the offer documents are principally governed by Australian rather than New Zealand law. In the main, the Corporations Act 2001 (Aust) and the regulations made under that Act set out how the offer must be made.
- c) There are differences in how financial products are regulated under Australian law. For example, the disclosure of fees for managed investment schemes is different under the Australian regime.
- d) The rights, remedies, and compensation arrangements available to New Zealand investors in Australian financial products may differ from the rights, remedies, and compensation arrangements for New Zealand financial products.
- e) Both the Australian and New Zealand financial markets regulators have enforcement responsibilities in relation to this offer. If you need to make a complaint about this offer, please contact the Financial Markets Authority, New Zealand (http://www.fma.govt.nz). The Australian and New Zealand regulators will work together to settle your complaint.
- f) The taxation treatment of Australian financial products is not the same as for New Zealand financial products.
- g) If you are uncertain about whether this investment is appropriate for you, you should seek the advice of an appropriately qualified financial
- h) The offer may involve a currency exchange risk. The currency for the financial products is not New Zealand dollars. The value of the financial products will go up or down according to changes in the exchange rate between that currency and New Zealand dollars. These changes may be significant.
- i) If you expect the financial products to pay any amounts in a currency that is not New Zealand dollars, you may incur significant fees in having the funds credited to a bank account in New Zealand in New Zealand dollars.
- i) The dispute resolution process described in this offer document is available only in Australia and is not available in New Zealand.

Investing in the Trust

Direct investors

Direct investors can acquire units in the Trust by following the instructions outlined in the Application Form accompanying the PDS. All applications must be made in Australian dollars.

Minimum application amounts are subject to the Australian dollar minimum amounts disclosed in the PDS.

Indirect investors

If you wish to invest indirectly in the Trust through an IDPS your IDPS Operator will complete the application for you. Your IDPS Operator will advise what minimum investment amounts relate to you.

Withdrawing your investment

Direct investors

Direct investors of the Trust can withdraw their investment by written request to:

BNP Paribas Asset Management GPO Box 804 Melbourne VIC 3001

Or sending it by fax to +612 8244 1918 or bnppam.transactions@onevue.com.au

Minimum withdrawal amounts are subject to the Australian dollar minimum amounts disclosed in the relevant PDS. Withdrawal requests received from New Zealand investors must specify:

- the withdrawal amount in Australian dollars; or
- the number of units to be withdrawn.

We are unable to accept withdrawal amounts quoted in New Zealand dollars. Please note that the withdrawal amount paid to you will be in Australian dollars and may differ from the amount you receive in New Zealand dollars due to:

- Foreign exchange spreads between Australian and New Zealand dollars (currency rate differs daily); and
- Overseas telegraphic transfer ('OTT') costs.

Withdrawals will only be paid directly to the investor's bank account held in the name of the investor with an Australian domiciled bank. Withdrawal payments will not be made to third parties.

Indirect investors

If you have invested indirectly in the Trust through an IDPS, you need to provide your withdrawal request directly to your IDPS Operator. The time to process a withdrawal request will depend on the particular IDPS Operator.

Managing your investment

Distributions

If New Zealand investors elect to have their distribution directly credited they will need to nominate a bank account held in their own name with an Australian domiciled bank. Cash distributions will only be paid in Australian dollars to such an account. When the distribution is reinvested, New Zealand investors will be allotted units in accordance with the terms and conditions set out in the PDS relating to the units in the Trust. Please see the PDS for a description of distributions and the terms and conditions of the reinvestment of distributions.

The distribution reinvestment plan described in the PDS is offered to New Zealand investors on the following basis:

- At the time the price of the units allotted pursuant to the distribution reinvestment plan is set, the Responsible Entity will not have any information that is not publicly available that would, or would be likely to, have a material adverse effect on the realisable price of the units if the information were publicly
- The right to acquire, or require the Responsible Entity to issue, units will be offered to all investors of the same class, other than those resident outside New Zealand who are excluded so as to avoid breaching overseas laws.
- Units will be issued on the terms disclosed to you, and will be subject to the same rights as units issued to all investors of the same class as you.

There is available from the Responsible Entity, on request and free of charge, a copy of the most recent annual report of the Trust, the most recent financial statements of the Trust, the auditor's report on those financial statements, the PDS and the Constitution for the Trust (including any amendments). Other than the Constitution, these documents may be obtained electronically www.bnpparibas-am.com.au.

Processing cut-off times

The processing cut-off times for applications and withdrawals referred to in the PDS are Australian Eastern Standard Time (Australian EST) and you should take this into account when sending instructions

Cooling off rights

Cooling off rights may apply to investors in New Zealand. If you wish to exercise your cooling off rights you should contact the Responsible Entity of the Trust. The PDS contains further information about the rights that may apply.

Taxation

New Zealand resident taxation

If you are a New Zealand resident wishing to invest in Australia, we strongly recommend that you seek independent professional tax advice. New Zealand resident investors will be taxed on their units under the foreign investment fund rules or ordinary tax rules, depending on their circumstances. Australian tax will be withheld at prescribed rates from distributions to non-residents to the extent that the distributions comprise relevant Australian sourced income or gains.

About this PDS

This Product Disclosure Statement ("PDS") has been prepared and issued by Equity Trustees Limited ("Equity Trustees", "we" or "Responsible Entity") and is a summary of the significant information relating to an investment in the Barrow Hanley Global Equity Trust (the "Trust"). It contains a number of references to important information (including a glossary of terms) contained in the Barrow Hanley Global Equity Trust Reference Guide ("Reference Guide"), which forms part of this PDS. You should carefully read and consider both the information in this PDS, and the information in the Reference Guide, before making a decision about investing in the Trust.

The information provided in this PDS is general information only and does not take account of your personal objectives, financial situation or needs. You should obtain financial and taxation advice tailored to your personal circumstances and consider whether investing in the Trust is appropriate for you in light of those circumstances.

The offer to which this PDS relates is only available to persons receiving the PDS in Australia and New Zealand (electronically or otherwise). New Zealand investors must read the Barrow Hanley Global Equity Trust New Zealand Investor Information Sheet before investing in the Trust. All references to dollars or "\$" in this PDS are to Australian dollars. New Zealand investors wishing to invest in the Trust should be aware that there may be different tax implications of investing in the Trust and should seek their own tax advice as necessary.

This PDS does not constitute a direct or indirect offer of securities in the US or to any US Person as defined in Regulation S under the Securities Act of 1933 as amended ("US Securities Act"). Equity Trustees may vary this position and offers may be accepted on merit at Equity Trustees' discretion. The units in the Trust have not been, and will not be, registered under the US Securities Act unless otherwise approved by Equity Trustees and may not be offered or sold in the US to, or for, the account of any US Person (as defined in the Reference Guide) except in a transaction that is exempt from the registration requirements of the US Securities Act and applicable US state securities laws.

1. About Equity Trustees Limited

The Responsible Entity

Equity Trustees Limited

Equity Trustees Limited ABN 46 004 031 298 AFSL 240975, a subsidiary of EQT Holdings Limited ABN 22 607 797 615, which is a public company listed on the Australian Securities Exchange (ASX: EQT), is the Trust's responsible entity and issuer of this PDS. Established as a trustee and executorial service provider by a special Act of the Victorian Parliament in 1888, today Equity Trustees is a dynamic financial services institution which continues to grow the breadth and quality of products and services on offer.

Equity Trustees' responsibilities and obligations as the Trust's responsible entity are governed by the Trust's constitution ("Constitution"), the Corporations Act and general trust law. Equity Trustees has appointed BNP PARIBAS ASSET MANAGEMENT Australia Limited as the Investment Manager of the Trust. Equity Trustees has appointed a custodian to hold the assets of the Trust. The custodian has no supervisory role in relation to the operation of the Trust and is not responsible for protecting your interests.

The Investment Manager

BNP PARIBAS ASSET MANAGEMENT Australia Limited

BNP PARIBAS ASSET MANAGEMENT Australia Limited ("BNP Paribas Asset Management" or "BNPP AM"), the Australian asset management business line of BNP Paribas SA, is the Investment Manager of the Trust. BNP Paribas SA is a listed company with a market capitalisation of EUR 77.7 billion as at 31 December 2017.

In Australia, BNP Paribas Asset Management distributes for a range of Australian and international investment managers, including Barrow, Hanley, Mewhinney & Strauss, LLC ("BHMS" or "Delegated Investment Manager"). BNP Paribas Asset Management has subcontracted the investment management of the Trust to BHMS.

Delegated Investment Manager

Barrow, Hanley, Mewhinney & Strauss, LLC

BHMS is a global value equity manager, founded in 1979. BHMS is majority owned by BrightSphere Investment Group plc (formerly OM Asset Management plc), a UK company listed on the NYSE with substantial resources dedicated to the investment management business. BHMS is an independently managed company and operates autonomously from its Dallas, Texas headquarters. BHMS offers U.S. equity, non-U.S. and global equity, and fixed income investment management. Firm-wide assets under management as at 30 September 2018 were US\$85 billion, of which US\$4.9 billion were global value equity assets under management. BHMS' approach to the equity market is based on the underlying philosophy that markets are inefficient. These inefficiencies can best be exploited through adherence to a value-oriented investment process dedicated to the selection of securities on a Bottom-up basis.

BHMS has an alliance with BNP Paribas Asset Management whereby BNPP AM has the exclusive right to distribute BHMS' global equity products in Australia and New Zealand.

2. How the Barrow Hanley Global Equity Trust works

The Trust is a registered managed investment scheme governed by the Constitution. The Trust comprises assets which are acquired in accordance with the Trust's investment strategy. Direct investors receive units in the Trust when they invest. In general, each unit represents an equal interest in the assets of the Trust subject to liabilities; however, it does not give investors an interest in any particular asset of the Trust.

If you invest in the Trust through an IDPS (as defined in the Reference Guide) you will not become an investor in the Trust. The operator or custodian of the IDPS will be the investor entered in the Trust's register and will be the only person who is able to exercise the rights and receive the benefits of a direct investor. Your investment in the Trust through the IDPS will be governed by the terms of your IDPS. Please direct any gueries and requests relating to your investment to your IDPS Operator. Unless otherwise stated, the information in the PDS applies to direct investors.

Applying for units

You can acquire units by completing the Application Form that accompanies this PDS. The minimum initial investment amount for the Trust is \$25,000.

Completed Application Forms should be sent along with your identification documents (if applicable) to:

BNP Paribas Asset Management GPO Box 804 Melbourne, VIC, 3001

Please note that cash and cheques cannot be accepted.

We reserve the right to accept or reject applications in whole or in part at our discretion. We have the discretion to delay processing applications where we believe this to be in the best interest of the Trust's investors.

The price at which units are acquired is determined in accordance with the Constitution ("Application Price"). The Application Price on a Business Day is, in general terms, equal to the Net Asset Value ("NAV") of the Trust, divided by the number of units on issue and adjusted for transaction costs ("Buy Spread"). At the date of this PDS, the Buy Spread is 0.30%.

The Application Price will vary as the market value of assets in the Trust rises or falls.

Making additional investments

You can make additional investments into the Trust at any time by sending us your additional investment amount together with a completed Additional Investment Form. There is no minimum applicable for additional investments into the Trust.

Distributions

An investor's share of any distributable income is calculated in accordance with the Constitution and is generally based on the number of units held by the investor at the end of the distribution

The Trust usually distributes income annually at 30 June. Distributions are calculated effective the last day of each distribution period and are normally paid to investors as soon as practicable after the distribution calculation date.

Investors in the Trust can indicate a preference to have their distribution:

- reinvested back into the Trust; or
- directly credited to their Australian domiciled bank account.

Investors who do not indicate a preference will have their distributions automatically reinvested. Applications for reinvestment will be taken to be received immediately prior to the next Business Day after the relevant distribution period. There is no Buy Spread on distributions that are reinvested.

In some circumstances, the Constitution may allow for an investor's withdrawal proceeds to be taken to include a component of distributable income.

Indirect Investors should review their IDPS guide for information on how and when they receive any income distribution.

New Zealand investors can only have their distribution directly credited if an AUD Australian domiciled bank account is provided, otherwise it must be reinvested (refer to the Barrow Hanley Global Equity Trust New Zealand Investor Information Sheet for further information).

Access to your money

Investors in the Trust can generally withdraw their investment by completing a written request to withdraw from the Trust and mailing it to:

BNP Paribas Asset Management GPO Box 804 Melbourne, VIC, 3001

Or sending it by email to bnppam.transactions@onevue.com.au or sending it by fax to +612 8244 1918

The minimum withdrawal amount is \$50. Once we receive and accept your withdrawal request, we may act on your instruction without further enquiry if the instruction bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s).

Equity Trustees will generally allow an investor to access their investment within 3 days of acceptance of a withdrawal request by transferring the withdrawal proceeds to such investors' nominated bank account. However, Equity Trustees is allowed to reject withdrawal requests, and also to make payment up to 30 days after acceptance of a request (which may be extended in certain circumstances) as outlined in the Constitution and Reference Guide.

We reserve the right to accept or reject withdrawal requests in whole or in part at our discretion.

The price at which units are withdrawn is determined in accordance with the Constitution ("Withdrawal Price"). The Withdrawal Price on a Business Day is, in general terms, equal to the NAV of the Trust, divided by the number of units on issue and adjusted for transaction costs ("Sell Spread"). At the date of this PDS, the Sell Spread is 0.30%

The Withdrawal Price will vary as the market value of assets in the Trust rises or falls.

Equity Trustees reserves the right to fully redeem your investment if your investment balance in the Trust falls below \$25,000 as a result of processing your withdrawal request. In certain circumstances, for example, when there is a freeze on withdrawals, where accepting a withdrawal is not in the best interests of investors in the Trust including due to one or more circumstances outside its control or where the Trust is not liquid (as defined in the Corporations Act), Equity Trustees can deny or suspend a withdrawal request and you may not be able to withdraw your funds in the usual processing times or at all. When the Trust is not liquid, an investor can only withdraw when Equity Trustees makes a withdrawal offer to investors in accordance with the Corporations Act. Equity Trustees is not obliged to make such offers.

If you are an Indirect Investor, you need to provide your withdrawal request directly to your IDPS Operator. The time to process a withdrawal request will depend on the particular IDPS Operator and the terms of the IDPS.

Unit pricing discretions policy

Equity Trustees has developed a formal written policy in relation to the guidelines and relevant factors taken into account when exercising any discretion in calculating unit prices (including determining the value of the assets and liabilities). A copy of the policy and, where applicable and to the extent required, any other relevant documents in relation to the policy will be made available free of charge on request.

Additional information

If and when the Trust has 100 or more direct investors, it will be classified by the Corporations Act as a 'disclosing entity'. As a disclosing entity, the Trust will be subject to regular reporting and disclosure obligations. Investors would then have a right to obtain a copy, free of charge, of any of the following documents:

- the most recent annual financial report lodged with ASIC ("Annual Report");
- any subsequent half yearly financial report lodged with ASIC after the lodgement of the Annual Report; and

any continuous disclosure notices lodged with ASIC after the Annual Report but before the date of this PDS.

Equity Trustees will comply with any continuous disclosure obligation by lodging documents with ASIC as and when required.

Copies of these documents lodged with ASIC in relation to the Trust may be obtained from ASIC through ASIC's website.

3. Benefits of investing in the Barrow Hanley Global Equity Trust

Stability: BHMS' equity investment professionals have an average experience level of more than 20 years. The stability of the organisation means that clients can be assured of consistency in BHMS' value equity strategies.

Value discipline: BHMS is a strict manager in its definition of "value". It seeks the following value characteristics in its portfolios versus the market (MSCI World Index): price/earnings (P/E) ratios, price/book (P/B) ratios, and enterprise value/free cash flow (EV/FCF) ratios at or below the market, and dividend yields at or above the market. The global value equity strategy adheres to the same BHMS value discipline that has produced success in the large, medium, and small capitalisation sectors of the U.S. market for more than 30 years.

Strategic Complement: The BHMS global value equity strategy invests not only in large cap value companies, but also in the less-efficient medium capitalisation sector. Thus, this global value equity strategy can serve as a strategic complement to larger MSCI World managers whose substantial assets under management and resulting need for liquidity may restrict their portfolios to investments in companies in only the largest capitalisation range in the MSCI World Index markets.

Stock selection: BHMS' global value equity portfolios are built on an incremental, name-by-name basis within the context of broad sector risk controls. Hence, the majority of the strategy's targeted excess return is typically derived from stock selection, rather than from macro-economic or top-down predictions. BHMS believes its ability to identify undervalued companies with improving operating fundamentals has, and will continue to be, its greatest strength.

4. Risks of managed investment schemes

All investments carry risks. Different investment strategies may carry different levels of risk, depending on the assets acquired under the strategy. Assets with the highest long-term returns may also carry the highest level of short-term risk. The significant risks below should be considered in light of your risk profile when deciding whether to invest in the Trust. Your risk profile will vary depending on a range of factors, including your age, the investment time frame (how long you wish to invest for), your other investments or assets and your risk

The Responsible Entity, Investment Manager, Delegated Investment Manager, BNP Paribas SA, or any member of the BNP Paribas Group do not guarantee the liquidity of the Trust's investments, repayment of capital or any rate of return or the Trust's investment performance. The value of the Trust's investments will vary. Returns are not quaranteed and you may lose money by investing in the Trust. The level of returns will vary and future returns may differ from past returns. Laws affecting managed investment schemes may change in the future. The structure and administration of the Trust is also subject to change.

In addition, we do not offer advice that takes into account your personal financial situation, including advice about whether the Trust is suitable for your circumstances. If you require personal financial or taxation advice, you should contact a licensed financial adviser and/or taxation adviser.

The Trust offered in this PDS is not a deposit with or other liability of BNP Paribas SA or any other member company of BNP Paribas SA.

Active Management Risk

BHMS does not invest in a predetermined basket of securities, such as a basket of securities that reflects an index, but instead selects securities that meet its investment criteria. This carries with it the risk that the Trust may underperform the market generally.

Company Specific Risk

The value of investments can vary because of changes to a company's management, internal operations, product distribution or the company's business environment. Returns are affected by the underlying strength of the cash flows, balance sheets and management of the companies in which the Trust invests. An investment in shares carries the risk of a decline in value or a decrease in, or failure of payment in, distributions because of a number of factors, including a fall in investor confidence, poor management or changes in a company's competitive environment or internal operations.

Concentration Risk

The concentrated nature of the investments of the Trust will reduce the potential benefit of diversification. The potential benefit of diversification is to reduce volatility of investments. As the Trust has a concentrated portfolio of investments it may experience higher volatility than a more diversified portfolio.

Counterparty Risk

Counterparty risk is the risk that any of the Responsible Entity's or the Investment Manager's or BHMS' trading counterparties, custodians, or any issuer or guarantor of securities held by the Trust, becomes insolvent or cannot otherwise meet their obligations to settle or repay money.

Currency Risk

Currency risk is the sensitivity of the portfolio value to movement in foreign exchange rates. BHMS quantifies the risk of each individual security but does not actively manage currencies in aggregate for the Trust. Therefore, there is a risk that the Trust may be adversely affected by currency movements.

Emerging Markets Risk

Emerging Markets are more likely to experience greater volatility than markets in developed countries. Securities traded in Emerging Markets also have more limited liquidity when compared to securities traded in developed countries. This means that those securities may fall more sharply and rapidly than securities traded in developed countries. Further risks include differences in auditing and financial accounting standards, less regulated markets, less developed corporate laws and political risk.

Interest Rate Risk

Changes in official interest rates can directly or indirectly impact (negatively or positively) on investment returns. For instance, rising interest rates can have a negative impact on the Trust's or a company's value as increased borrowing costs may cause earnings to decline. As a result, the share price may fall.

Legal Risk

The Trust may be affected by the actions of governments and regulatory bodies. Legislation could be imposed retrospectively or may be issued in the form of internal regulations of which the public may not be aware. Legislation (including legislation relating to tax) or regulation may be introduced which inhibits the Trust from pursuing its strategy or which renders an existing strategy less profitable than anticipated. Such actions may take any form, for example nationalisation of any institution or restrictions on investment strategies in any given market sector (for example restrictions on short selling in the financial sector) or changing requirements (for example increased disclosure to market) and imposed without prior warning by any regulator. This risk is generally higher in developing countries.

Liquidity Risk

There may be times when securities may not be readily sold (for example, in a falling market where companies may become less liquid). If this occurs and it results in the Trust becoming illiquid. withdrawals of units from the Trust must be processed only in accordance with the Corporations Act. Trading volumes of stocks are generally expected to be sufficient to satisfy liquidity requirements when necessary.

Neither the Responsible Entity nor the Investment Manager nor the Delegated Investment Manager guarantees the liquidity of the Trust's investments.

Market Risk

The value of investments may fluctuate significantly over short periods of time. These fluctuations can be caused by changes in interest rates, economic cycles, investor sentiment, and political, social, technological and legal events. These changes can directly or indirectly create an environment that influences (negatively or positively) the value of the investments in the Trust. In addition, a downward move in the general level of the equities market can have a negative impact on the performance of the Trust.

Operational Risk

Operational risk addresses the risk of trading and back office or administration issues that may result in a loss to the portfolio. This could be the result of oversight, ineffective security processing procedures, computer system problems or human error. The Responsible Entity, the Investment Manager and BHMS have instituted certain practices and processes within their respective operations and business administrations designed to wherever possible mitigate the operational risk consequences that arise.

Political Risk

There may be high political risk in certain countries due to the fragile political environment of those countries. Political instability and/or political disturbances are more common in Emerging Markets than in developed nations. There may be higher economic risk from policy mistakes, as governments are less accountable than in developed nations. Examples of severe currency depreciation have also occurred in some nations.

Stock Selection Risk

BHMS may make poor investment decisions resulting in sub-standard returns (for example where BHMS invests in a company that significantly underperforms the share market). This risk is mitigated to some extent by the knowledge and experience of BHMS and the diversification of stocks held in the Trust.

Trust Risk

As with all managed funds, there are risks particular to the Trust including: that the Trust could be terminated, the fees and expenses could change, that Equity Trustees is replaced as Responsible Entity or that the Investment Manager or Delegated Investment Manager is replaced. There is also risk that investing in the Trust may give different results than investing directly in the securities because of income or capital gains accrued in the Trust and the consequences of withdrawal by other investors.

5. How we invest your money

Warning: Before choosing to invest in the Trust you should consider the likely investment returns, the risks of investing and your investment time frame.

Investment objective

The investment return objective of the Trust is to obtain higher returns compared to the Benchmark, while maintaining lower risk.

Benchmark

MSCI World Index, measured in AUD.

Minimum suggested time frame

The minimum suggested investment timeframe for the Trust is 5 years.

Risk level of the Trust

Hiah.

There is a risk investors may lose some or all of their initial investment. Higher risk investments tend to fluctuate in the short-term but can produce higher returns than lower risk investments over the long-term.

Investor suitability

The Trust is designed for investors seeking capital appreciation over the longer term by investing in companies BHMS believes are undervalued with improving operating fundamentals.

Investment style and approach

BHMS' approach to the equity market is based on the underlying philosophy that markets are inefficient. These inefficiencies can best be exploited through adherence to a value-oriented investment process dedicated to the selection of securities on a Bottom-up basis. They do not attempt to time the market or rotate in and out of broad market sectors, as they believe that it is difficult, if not impossible, to add incremental value on a consistent basis by top-down or thematic market timing.

BHMS stays fully invested with a defensive, conservative orientation, based on the belief that superior returns can be achieved while taking below-average risks. They implement this strategy by constructing portfolios of individual stocks that reflect value characteristics such as:

- 1) P/E ratios at or below the market;
- 2) P/B ratios at or below the market;
- 3) EV/FCF ratios at or below the market; and
- 4) dividend yields at or above the market.

BHMS' history of value investing indicates that a strategy of emphasising low P/E ratios, low P/B ratios, and high dividend yields is consistent with providing a measure of protection in down markets, as well as participation in improving economic cycles.

Target asset allocation ranges:

- Global equities 95-100%
- Cash & cash equivalents 0-5%.

Currency Management

There is no overall currency management strategy for the Trust and the Trust is considered to be "unhedged".

Asset allocation

The global value equity strategy follows a value style with a fundamental, Bottom-up approach. BHMS' screening narrows the universe of global stocks by identifying companies with a favourable combination of valuation characteristics such as P/E, P/B, and EV/FCF ratios at or below the market and dividend yields at or above the market. In addition, BHMS' screen measures certain fundamental change factors to identify companies with positive changes in key operating fundamentals. BHMS then conducts Bottom-up, fundamental securities analysis on the stocks that received the highest ranking in its screening process. The resulting true traditional value portfolio is concentrated in 50 to 70 stocks. While the Trust is primarily invested in companies domiciled in developed markets, the Trust can invest up to 20% of the portfolio in companies domiciled in Emerging Markets.

Labour, environmental, social and ethical considerations

Decisions about the selection, retention or realisation of investments for the Trust are primarily based on company fundamentals. The Responsible Entity, the Investment Manager and BHMS take into account labour standards, environmental, social or ethical issues when making these decisions to the extent that these issues have a material impact on either investment risk or return.

With effect from 31 December 2018, the Trust will not invest in securities classified as being in the tobacco industry by the Global Industry Classification Standard.

Trust performance

Up to date information on the performance of the Trust will be available by:

- calling BNP Paribas Asset Management's Client Services on 1800 267 726 (Australia) or +612 9619 6041; or
- visiting the BNP Paribas Asset Management's website at www.bnpparibas-am.com.au.

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website

(www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

The information in the following template can be used to compare costs between different simple managed investment schemes. Fees and costs can be paid directly from an investor's account, deducted from investment returns or from the Trust assets as a whole.

TYPE OF FEE OR COST	AMOUNT
	y moves in or out of the Trust
Establishment fee	Nil
Contribution fee	Nil
Withdrawal fee	Nil
Exit fee	Nil
Management costs	
The fees and costs for managing your investment ¹	Management fees : 0.99% p.a. of the NAV of the Trust ²

¹ All fees quoted above are inclusive of Goods and Services Tax (GST) and net of any Reduced Input Tax Credits (RITC). See below for more details as to how management costs are calculated.

Additional Explanation of fees and costs

What do the management costs pay for?

Management costs are comprised of the management fee, indirect costs and recoverable expenses that an investor incurs by investing in the Trust rather than by investing directly in the underlying assets of the Trust.

Management costs do not include transactional and operational costs (i.e. costs associated with investing in the underlying assets, some of which may be recovered through Buy/Sell Spreads).

The management costs of 0.99% p.a. of the NAV of the Trust are payable to the Responsible Entity of the Trust for managing the assets and overseeing the operations of the Trust. The management costs are accrued daily and paid from the Trust monthly in arrears and reflected in the unit price. As at the date of this PDS, ordinary expenses such as investment management fees, custodian fees, administration and audit fees, and other ordinary expenses of operating the Trust are covered by the management costs.

The management costs shown above do not include extraordinary expenses (if they are incurred in future), such as litigation costs and the costs of convening investor meetings.

Transactional and operational costs

In managing the assets of the Trust, the Trust may incur transactional and operational costs such as brokerage, settlement costs, clearing costs and applicable stamp duty when assets are bought and sold. This generally happens when the assets of the Trust are changed in connection with day-to-day trading or when there are applications or withdrawals which cause net cash flows into or out of the Trust.

The Buy/Sell Spread reflects the estimated transaction costs incurred in buying or selling assets of the Trust when investors invest in or withdraw from the Trust. The Buy/Sell Spread is not an additional cost to the Trust but is incorporated into the unit price and incurred when an investor invests in or withdraws from the Trust and is not separately charged to the investor. The Buy Spread is paid into the Trust as part of an application and the Sell Spread is left in the Trust as part of a withdrawal and not paid to Equity Trustees or the Investment Manager. The estimated Buy/Sell Spread is 0.30% upon entry and 0.30% upon exit. The dollar value of these costs based on an application or a withdrawal of \$25,000 is \$75 for each individual transaction. The Buy/Sell Spread can be altered by the Responsible Entity at any time. The Responsible Entity may also waive the Buy/Sell Spread in part or in full at its discretion.

Transactional costs which are incurred other than in connection with applications and withdrawals arise through the day-to-day trading of the Trust's assets and are reflected in the Trust's unit price. As these costs are factored into the NAV of the Trust and reflected in the unit price, they are an additional cost to the investor and are not a fee paid to the Responsible Entity. These costs can arise as a result of bid-offer spreads (the difference between an asset's bid/buy price and offer/ask price) being applied to securities traded by the Trust. Liquid securities generally have a lower bid-offer spread while less liquid assets have a higher bid-offer spread reflecting the compensation taken by market makers in providing liquidity for that

During the financial year ended 30 June 2018, the total transaction costs for the Trust were estimated to be 0.65% of the NAV of the Trust, of which 24.58% of these transaction costs were recouped via the Buy/Sell Spread, resulting in a net transactional cost to the Trust of 0.49% p.a.

Can the fees change?

Yes, all fees can change without investor consent, subject to the maximum fee amounts specified in the Constitution. Equity Trustees has the right to recover all reasonable expenses incurred in relation to the proper performance of its duties in managing the Trust and as such these expenses may increase or decrease accordingly. We will generally provide investors with at least 30 days' notice of any proposed change to the management costs. In most circumstances, the Constitution defines the maximum level that can be charged for fees described in this PDS. Expense recoveries may change without notice, for example, when it is necessary to protect the interests of existing investors and if permitted by law.

² Management fees can be negotiated. See "Differential fees" below. Until further notice, the management costs are capped, except for extraordinary expenses. If the total management costs exceed the cap, BNP Paribas Asset Management will reimburse the amount of the excess costs to the Trust unless the excess is due to an extraordinary expense, such as a significant but properly recoverable legal expense, in which case the expense would be incurred by the Trust and reflected in the unit price of the Trust, and in that way borne by the investors in the Trust.

Payments to IDPS Operators

Subject to the law, annual payments may be made to some IDPS Operators because they offer the Trust on their investment menus. Product access is paid by the Investment Manager out of its management fees and is not an additional cost to the investor. If the payment of annual fees to IDPS Operators is limited or prohibited by the law, Equity Trustees will ensure the payment of such fees is reduced or ceased.

Differential fees

The Responsible Entity or Investment Manager may from time to time negotiate a different fee arrangement (by way of a rebate or waiver of fees) with certain investors who are Australian Wholesale Clients or New Zealand Wholesale Investors.

Example of annual fees and costs for the Trust

This table gives an example of how the fees and costs for this managed investment product can affect your investment over a 1 year period. You should use this table to compare this product with other managed investment products.

EXAMPLE – Barrow Hanley Global Equity Trust		
BALANCE OF \$50,000 WITH A CONTRIBUTION OF \$5,000 DURING THE YEAR		
Contribution Fees	Nil	For every additional \$5,000 you put in, you will be charged \$0
Plus Management costs	0.99% p.a.	And, for every \$50,000 you have in the Trust you will be charged \$495 each year
Equals Cost of Trust		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, then you would be charged fees of: \$495 * What it costs you will depend on the fees you negotiate.

^{*} This example assumes the \$5,000 contribution occurs at the end of the first year, therefore management costs are calculated using the \$50,000 balance only.

Additional fees may apply. Please note that this example does not capture all the fees and costs that may apply to you such as the Buy/Sell Spread.

Warning: If you have consulted a financial adviser, you may pay additional fees. You should refer to the Statement of Advice or Financial Services Guide provided by your financial adviser in which details of the fees are set out.

ASIC provides a fee calculator on www.moneysmart.gov.au, which you may use to calculate the effects of fees and costs on account balances.

7. How managed investment schemes are taxed

Warning: Investing in a registered managed investment scheme (such as the Trust) is likely to have tax consequences. You are strongly advised to seek your own professional tax advice about the applicable Australian tax (including income tax, GST and duty) consequences and, if appropriate, foreign tax consequences which may apply to you based on your particular circumstances before investing in the Trust.

The Trust is an Australian resident for tax purposes and does not generally pay tax on behalf of its investors. Australian resident investors are assessed for tax on any income and capital gains generated by the Trust to which they become presently entitled or, where the Trust has made a choice to be an Attribution Managed Investment Trust ("AMIT") and the choice is effective for the income vear, are attributed to them.

Further reading

You should read the important information in the Reference Guide about Taxation under the "Other important information" section before making a decision. Go to the Reference Guide available at www.eat.com.au/insto www.bnpparibas-am.com.au. The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

8. How to apply

To invest please complete the Application Form accompanying this PDS, send funds (see details in the Application Form) and your completed Application Form to:

BNP Paribas Asset Management GPO Box 804 Melbourne, VIC, 3001

Please note that cash and cheques cannot be accepted and all applications must be made in Australian dollars.

Who can invest?

Eligible persons (as detailed in the 'About this PDS' section) can invest, however individual investors must be 18 years of age or over. Investors investing through an IDPS should use the application form provided by the operator of the IDPS.

Cooling off period

If you are a Retail Client who has invested directly in the Trust, you may have a right to a 'cooling off' period in relation to your investment in the Trust for 14 days from the earlier of:

- confirmation of the investment being received; and
- the end of the fifth business day after the units are issued.

A Retail Client may exercise this right by notifying Equity Trustees in writing. A Retail Client is entitled to a refund of their investment adjusted for any increase or decrease in the relevant Application Price between the time we process your application and the time we receive the notification from you, as well as any other tax and other reasonable administrative expenses and transaction costs associated with the acquisition and termination of the investment.

The right of a Retail Client to cool off does not apply in certain limited situations, such as if the issue is made under a distribution reinvestment plan, switching facility or represents additional contributions required under an existing agreement. Also, the right to cool off does not apply to you if you choose to exercise your rights or powers as an investor in the Trust during the 14 day period. This could include selling part of your investment or switching it to another product.

Indirect Investors should seek advice from their IDPS Operator as to whether cooling off rights apply to an investment in the Trust by the IDPS. The right to cool off in relation to the Trust is not directly available to an Indirect Investor. This is because an Indirect Investor does not acquire the rights of an investor in the Trust. Rather, an Indirect Investor directs the IDPS Operator to arrange for their monies to be invested in the Trust on their behalf. The terms and conditions of the IDPS guide or similar type document will govern an Indirect Investor's investment in relation to the Trust and any rights an Indirect Investor may have in this regard.

Complaints resolution

Equity Trustees has an established complaints handling process and is committed to properly considering and resolving all complaints. If you have a complaint about your investment, please contact us on:

Phone: 1300 133 472

Post: Equity Trustees Limited GPO Box 2307, Melbourne VIC 3001 Email: compliance@eat.com.au

We will acknowledge receipt of the complaint as soon as possible and in any case within 3 days of receiving the complaint. We will seek to resolve your complaint as soon as practicable but not more than 45 days after receiving the complaint.

If you are not satisfied with our response to your complaint, you may be able to lodge a complaint with the Australian Financial Complaints Authority ("AFCA").

1. Investing in the Barrow Hanley Global Equity Trust

Application cut-off times

If we receive a correctly completed Application Form/Additional Investment Form, identification documents (if applicable) and cleared application money:

- before 2pm (Sydney time) on a Business Day and your application for units is accepted, you will generally receive the Application Price calculated for that Business Day; or
- on or after 2pm (Sydney time) on a Business Day and your application for units is accepted, you will generally receive the Application Price calculated for the next Business Day.

Please see the PDS for information regarding how to apply.

Application terms

We will only start processing an application if:

- we consider that you have correctly completed the Application Form/Additional Investment Form;
- you have provided us with the relevant identification documents if required; and
- we have received the application money (in cleared funds) stated in your Application Form/Additional Investment Form.

2. Managing your investment

Authorised signatories

You can appoint a person, partnership or company as your authorised signatory. To do so, please nominate them on the Application Form and have them sign the relevant sections. If a company is appointed, the powers extend to any director and officer of the company. If a partnership is appointed, the powers extend to all partners. Such appointments will only be cancelled or changed once we receive written instructions from you to do so.

Once appointed, your authorised signatory has full access to operate your investment account for and on your behalf. This includes the following:

- making additional investments;
- requesting income distribution instructions be changed;
- withdrawing all or part of your investment;
- changing bank account details; and
- enquiring and obtaining copies of the status of your investment.

If you do appoint an authorised signatory:

- you are bound by their acts;
- you release, discharge and indemnify us from and against any losses, liabilities, actions, proceedings, claims and demands arising from instructions received from your authorised signatory; and
- you agree that our acting on any instructions received from your authorised signatory shall amount to complete satisfaction of our obligations, even if these instructions were made without your knowledge or authority.

Reports

Investors will be provided with the following reports:

- application and withdrawal confirmation statements;
- transaction statements; and
- (where applicable), distribution and tax statements.

Annual audited financial accounts are available on Equity Trustees' website.

3. Withdrawing your investment

Withdrawal cut-off times

If we receive a withdrawal request:

- before 2pm (Sydney time) on a Business Day and your withdrawal request is accepted, you will generally receive the Withdrawal Price calculated for that Business Day; or
- on or after 2pm (Sydney time) on a Business Day and your withdrawal request is accepted, you will generally receive the Withdrawal Price calculated for the next Business Day.

Please see the PDS for information regarding how to request a withdrawal.

Withdrawal terms

Once we receive your withdrawal request, we may act on your instruction without further enquiry if the instruction bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s).

We may contact you to check your details before processing your withdrawal request but are not obliged to. This may cause a delay in finalising payment of your withdrawal money. No interest is payable for any delay in finalising payment of your withdrawal money.

We are not responsible or liable if you do not receive, or are late in receiving, any withdrawal money that is paid according to your instructions.

When you are withdrawing, you should take note of the following:

- Withdrawals will only be paid to the investor.
- We reserve the right to fully redeem your investment if, as a result of processing your request, your investment balance in the Trust falls below the minimum balance set out in the PDS.
- If we cannot satisfactorily identify you as the withdrawing investor, we may reject your withdrawal request or payment of your withdrawal proceeds will be delayed. We are not responsible for any loss you consequently suffer.
- As an investor who is withdrawing, you agree that any payment made according to instructions received by post, courier, email or fax, shall be a complete satisfaction of our obligations, despite any fact or circumstances such as the payment being made without your knowledge or authority.
- You agree that if the payment is made according to these terms, you, and any person claiming on your behalf, shall have no claim against us with regards to such payment.

Withdrawal restrictions

Under the Corporations Act, you do not have a right to withdraw from the Trust if the Trust is illiquid. In such circumstances, you will only be able to withdraw your investment if Equity Trustees makes a withdrawal offer in accordance with the Corporations Act. Equity Trustees is not obliged to make such offers.

The Trust will be deemed liquid if at least 80% of its assets are liquid assets (generally cash and marketable securities). In addition, we may at any time suspend consideration of withdrawal requests or defer our obligation to pay withdrawal proceeds if it is not possible, or not in the best interests of investors or former investors for us to do so. due to circumstances outside our control (such as restricted or suspended trading in a Trust asset).

4. Other important information

Taxation

The following information summarises some of the Australian taxation issues you may wish to consider before making an investment in the Trust and assumes that you hold your investment in the Trust on capital account and are not considered to be carrying on a business of investing, trading in investments or investing for the purpose of profit making by sale. The information should be used as a guide only and does not constitute professional tax advice as individual circumstances may differ.

A number of tax reform measures are currently under review by the Australian Government. These reforms may impact on the tax position of the Trust and its investors. Accordingly, it is recommended that investors seek their own professional advice, specific to their own circumstances, of the taxation implications of investing in the Trust.

General

The Trust is an Australian resident trust for Australian tax purposes. Therefore, the Trust is required to determine its net income (taxable income) for the year of income. On the basis that investors are presently entitled (which is the intention of Equity Trustees) to the net income of the Trust (including net taxable capital gains) or will be attributed their share of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) of the Trust and the Trust is not a public trading trust, the Trust should be treated as a flow-through trust for tax purposes. This means that investors should be taxed on their share of the Trust's net taxable income or the amount attributed to them, and the Trust should not be subject to Australian income tax.

In the case where the Trust makes a loss for Australian tax purposes, the Trust cannot distribute the tax loss to investors. However, the tax loss may be carried forward by the Trust for offset against taxable income of the Trust in subsequent years, subject to the operation of the trust loss rules.

Attribution Managed Investment Trust ("AMIT") - core rules

The Trust may qualify as an eligible Attribution Managed Investment Trust (AMIT), and if so, intends to elect into the AMIT regime. The AMIT legislation applies an attribution model whereby Equity Trustees as the Responsible Entity of the Trust attributes amounts of trust components of a particular character to investors on a fair and reasonable basis consistent with the operation of the Trust's Constitution, which includes provisions in relation to AMIT. Under the AMIT rules, the following will apply:

Fair and reasonable attribution: Each year, the Trust's determined trust components of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) will be allocated to investors on a "fair and reasonable" attribution basis, rather than being allocated proportionally based on each investor's present entitlement to the income of the Trust.

Unders or overs adjustments: Where the Trust's determined trust components for a year are revised in a subsequent year (e.g. due to actual amounts differing to the estimates of income, gains / losses or expenses), then unders and overs may arise. Unders and overs will generally be carried forward and adjusted in the year of discovery.

Cost base adjustments: Where the distribution made is less than (or more than) certain components attributed to investors, then the cost base of an investor's units may be increased (or decreased). Details of cost base adjustments will be included on an investor's annual tax statement, referred to as an AMIT Member Annual Statement ("AMMA").

Large withdrawals: In certain circumstances, gains may be attributed to a specific investor, for example, gains on disposal of assets to fund a large withdrawal being attributed to the redeeming investor.

Penalties: In certain circumstances (e.g. failure to comply with certain AMIT rules), specific penalties may be imposed.

The new rules are intended to reduce complexity, increase certainty and reduce compliance costs for managed investment trusts and their investors. Where the Trust does not elect into the AMIT regime, or has made the election but the election is not effective for the income year (e.g. the Trust does not satisfy the requirements to be a managed investment trust for the income year), the Tax Law applicable to non-AMITs should be relevant. In particular, the Trust should not generally pay tax on behalf of its investors and instead, investors should be assessed for tax on any income and capital gains generated by the Trust to which they become presently entitled.

Deemed Capital Gains Tax ("CGT") Election

Eligible managed investment trusts ("MITs") may make an election to apply a deemed capital account treatment for gains and losses on disposal of certain eligible investments (including equities and units in other trusts but excluding derivatives, debt securities and foreign exchange contracts). Where the election is made the Trust should hold its eligible investments on capital account and gains/(losses) from the disposal of eligible investments should be treated as capital gains/(losses). Capital gains arising on the disposal of eligible investments held for 12 months or greater may be eligible to be treated as discount capital gains.

Where the CGT election is not made, the Trust should hold its eligible investments on revenue account and gains/(losses) from the disposal of eligible investments should be treated as revenue gains

Controlled Foreign Company ("CFC") Provisions

There are certain tax rules (i.e. the CFC provisions) which may result in assessable income arising in the Trust in relation to investments in foreign equities, where certain control thresholds are met. If such interests were to be held at the end of the income year, the taxable income of the Trust may include a share of net income and gains (i.e. CFC attributable income) from such investments.

Taxation of Financial Arrangements ("TOFA")

The TOFA rules may apply to certain "financial arrangements" held by the Trust. In broad terms, the TOFA regime seeks to recognise "sufficiently certain" returns on certain financial arrangements on an accruals basis for tax purposes rather than on a realisation basis. Where returns from derivative instruments are not "sufficiently certain" they will continue to be recognised on a realisation basis, unless specific tax timing elections are made.

Taxation Reform

The tax information included in this PDS is based on the taxation legislation and administrative practice as at the issue date of this PDS, together with proposed changes to the taxation legislation as announced by the Government. However, the Australian tax system is in a continuing state of reform, and based on the Government's reform agenda, it is likely to escalate rather than diminish. Any reform of a tax system creates uncertainty as to the full extent of announced reforms, or uncertainty as to the meaning of new law that is enacted pending interpretation through the judicial process. These reforms may impact on the tax position of the Trust and its investors. Accordingly, it will be necessary to closely monitor the progress of these reforms, and investors should seek their own professional advice, specific to their own circumstances, of the taxation implications of investing in the Trust.

Tax File Number ("TFN") and Australian Business Number ("ABN")

It is not compulsory for an investor to quote their TFN or ABN. If an investor is making this investment in the course of a business or enterprise, the investor may quote an ABN instead of a TFN. Failure by an investor to quote an ABN or TFN or claim an exemption may cause the Responsible Entity to withhold tax at the top marginal rate, plus the Medicare Levy, on gross payments including distributions or attribution of income to the investor. The investor may be able to claim a credit in their tax return for any TFN or ABN tax withheld. Collection of TFNs is permitted under taxation and privacy legislation.

By quoting their TFN or ABN, the investor authorises Equity Trustees to apply it in respect of all the investor's investments with Equity Trustees. If the investor does not want to quote their TFN or ABN for some investments, Equity Trustees should be advised.

GST

The Trust is registered for GST. The issue or withdrawal of units in the Trust and receipt of distributions are not subject to GST.

The Trust may be required to pay GST included in management and other fees, charges costs and expenses incurred by the Trust. However, to the extent permissible, the Responsible Entity will claim on behalf of the Trust a proportion of this GST as a reduced input tax credit. Unless otherwise stated, fees and charges quoted in this PDS are inclusive of GST and take into account any available reduced input tax credits. The Trust may be entitled to as yet undetermined additional input tax credits on the fees, charges or costs incurred. If the Responsible Entity is unable to claim input tax credits on behalf of the Trust, the Responsible Entity retains the ability to recover the entire GST component of all fees and charges.

The impact of GST payments and credits will be reflected in the unit price of the Trust. Investors should seek professional advice with respect to the GST consequences arising from their unit holding.

Australian Taxation of Australian Resident Investors

Distributions

For each year of income, each Australian resident investor will be required to include within their own tax calculations and tax return filings the assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) of the Trust attributed to them by Equity Trustees as the Responsible Entity of the Trust.

The tax consequences for investors in the Trust depends on the tax components of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) of the Trust attributed to them.

Investors will receive an Annual Tax Statement (or an "AMMA" for an AMIT) detailing all relevant taxation information concerning attributed amounts and cash distributions, including any Foreign Income Tax Offset ("FITO") and franking credit entitlements, returns of capital, assessable income, and any upwards or downwards cost base adjustment in the capital gains tax cost base of their units in the Trust (in the case of an AMIT).

An investor may receive their share of attributed tax components of the Trust or net income in respect of distributions made during the year or where they have made a large withdrawal from the Trust, in which case their withdrawal proceeds may include their share of net income or attributed tax components of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits). In addition, because Australian investors can move into and out of the Trust at different points in time, there is the risk that taxation liabilities in respect of gains that have benefited past investors may have to be met by subsequent investors.

Foreign Income

The Trust may derive foreign source income that is subject to tax overseas, for example withholding tax. Australian resident investors should include their share of both the foreign income and the amount of the foreign tax withheld in their assessable income. In such circumstances, investors may be entitled to a FITO for the foreign tax paid, against the Australian tax payable on the foreign source income. To the extent the investors do not have sufficient overall foreign source income to utilise all of the FITOs relevant to a particular year of income, the excess FITOs cannot be carried forward to a future income year.

Disposal of Units by Australian Resident Investors

If an Australian resident investor transfers or redeems their units in the Trust, this may constitute a disposal for tax purposes depending on their specific circumstances. Where an investor holds their units in the Trust on capital account, a capital gain or loss may arise on disposal and each investor should calculate their capital gain or loss according to their own particular facts and circumstances. As noted above, proceeds on disposal may include a component of distributable income. In calculating the taxable amount of a capital gain, a discount of 50% for individuals and trusts or 33 & 1/3% for complying Australian superannuation funds may be allowed where the units in the Trust have been held for 12 months or more. No CGT discount is available to corporate investors.

Any capital losses arising from the disposal of the investment may be used to offset other capital gains the investor may have derived. Net capital losses may be carried forward for offset against capital gains of subsequent years but may not be offset against ordinary income.

The discount capital gains concession may be denied in certain circumstances where an investor (together with associates) holds 10% or more of the issued units of the Trust, the Trust has less than 300 beneficiaries and other requirements are met. Investors who together with associates are likely to hold more than 10% of the units in the Trust should seek advice on this issue.

Australian Taxation of Non-Resident Investors

Tax on Income

The Trust expects to derive income which may be subject to Australian withholding tax when attributed by Equity Trustees as the Responsible Entity of the Trust to non-resident investors.

Australian withholding tax may be withheld from distributions of Australian source income and gains attributed to a non-resident investor. The various components of the net income of the Trust which may be regarded as having an Australian source include Australian sourced interest, Australian sourced other gains, Australian sourced dividends and CGT taxable Australian property.

We recommend that non-resident investors seek independent tax advice before investing, taking into account their particular circumstances and the provisions of any relevant Double Taxation Agreement/ Exchange of Information Agreement ("EOI") between Australia and their country of residence.

Disposal of Units by Non-Resident Investors

Based on the Trust's investment profile, generally non-resident investors holding their units on capital account should not be subject to Australian capital gains tax on the disposal of units in the Trust unless the units were capital assets held by the investor in carrying on a business through a permanent establishment in Australia. Australian tax may apply in certain circumstances if the non-resident holds their units on revenue account. CGT may also apply in some cases where the Trust has a direct or indirect interest in Australian real property. We recommend that non-resident investors seek independent tax advice in relation to the tax consequences of the disposal of their units.

Your privacy

The Australian Privacy Principles contained in the Privacy Act 1988 (Cth) ("Privacy Act") regulate the way in which we collect, use, disclose, and otherwise handle your personal information. Equity Trustees is committed to respecting and protecting the privacy of your personal information, and our Privacy Policy details how we do this.

It is important to be aware that, in order to provide our products and services to you, Equity Trustees may need to collect personal information about you and any other individuals associated with the product or service offering. In addition to practical reasons, this is necessary to ensure compliance with our legal and regulatory obligations (including under the Corporations Act, the AML/CTF Act and taxation legislation). If you do not provide the information requested, we may not be able to process your application, administer, manage, invest, pay or transfer your investment(s).

You must therefore ensure that any personal information you provide to Equity Trustees is true and correct in every detail. If any of this personal information (including your contact details) changes, you must promptly advise us of the changes in writing. While we will generally collect your personal information from you, your broker or adviser or the Investment Manager and Administrator directly, we may also obtain or confirm information about you from publicly available sources in order to meet regulatory obligations.

In terms of how we deal with your personal information, Equity Trustees will use it for the purpose of providing you with our products and services and complying with our regulatory obligations. Equity Trustees may also disclose it to other members of our corporate group, or to third parties who we work with or engage for these same purposes. Such third parties may be situated in Australia or offshore, however we take reasonable steps to ensure that they will comply with the Privacy Act when collecting, using or handling your personal information.

The types of third parties that we may disclose your information to include, but are not limited to:

- stockbrokers, financial advisers or adviser dealer groups, their service providers and/or any joint holder of an investment;
- those providing services for administering or managing the Trust, including the Investment Manager, Custodian and Administrator, auditors, or those that provide mailing or printing
- our other service providers;
- regulatory bodies such as ASIC, ATO, APRA and AUSTRAC; and
- other third parties who you have consented to us disclosing your information to, or to whom we are required or permitted by law to disclose information to.

Equity Trustees or the Investment Manager may from time to time provide you with direct marketing and/or educational material about products and services they believe may be of interest to you. You have the right to "opt out" of such communications by contacting us using the contact details below.

In addition to the above information, Equity Trustees' Privacy Policy contains further information about how we handle your personal information, and how you can access information held about you, seek a correction to that information, or make a privacy-related complaint.

Full details of Equity Trustees' Privacy Policy are available at www.eqt.com.au. You can also request a copy by contacting Equity Trustees' Privacy Officer on +61 3 8623 5000 or by email to privacy@eqt.com.au.

The Constitution

The Trust is governed by a constitution that sets out the Trust's operation (the "Constitution"). The Constitution, together with the Trust's PDS, the Corporations Act and other laws, regulate our legal relationship with investors in the Trust. If you invest in the Trust, you agree to be bound by the terms of the Trust's PDS and the Trust's Constitution. You can request a copy of the Constitution free of charge from Equity Trustees. Please read these documents carefully before investing in the Trust.

We may amend the Constitution from time to time in accordance with the provisions in the Constitution and the Corporations Act.

Anti-Money Laundering and Counter Terrorism Financing ("AML/CTF")

Australia's AML/CTF laws require Equity Trustees to adopt and maintain a written AML/CTF Program. A fundamental part of the AML/CTF Program is that Equity Trustees must hold up-to-date information about investors (including beneficial owner information) in the Trust.

To meet this legal requirement, we need to collect certain identification information (including beneficial owner information) and documentation ("KYC Documents") from new investors. Existing investors may also be asked to provide KYC Documents as part of an ongoing customer due diligence/verification process to comply with AML/CTF laws. If applicants or investors do not provide the applicable KYC Documents when requested, Equity Trustees may be unable to process an application, or may be unable to provide products or services to existing investors until such time as the information is provided.

In order to comply with AML/CTF Laws, Equity Trustees may also disclose information including your personal information that it holds about the applicant, an investor, or any beneficial owner, to its related bodies corporate or service providers, or relevant regulators of AML/CTF Laws (whether inside or outside Australia). Equity Trustees may be prohibited by law from informing applicants or investors that such reporting has occurred.

Equity Trustees, the Investment Manager and the Delegated Investment Manager shall not be liable to applicants or investors for any loss you may suffer because of compliance with the AML/CTF

Indirect Investors

You may be able to invest indirectly in the Trust via an IDPS by directing the IDPS Operator to acquire units on your behalf. If you do so, you will need to complete the relevant forms provided by the IDPS Operator and not the Application Form accompanying the PDS. This will mean that you are an Indirect Investor in the Trust and not an investor of the Trust. Indirect Investors do not acquire the rights of an investor as such rights are acquired by the IDPS Operator who may exercise, or decline to exercise, these rights on your behalf.

Indirect Investors do not receive reports or statements from us and the IDPS Operator's application and withdrawal conditions determine when you can direct the IDPS Operator to apply or redeem. Your rights as an Indirect Investor should be set out in the IDPS Guide or other disclosure document issued by the IDPS Operator.

Information on underlying investments

Information regarding the underlying investments of the Trust will be provided to an investor of the Trust on request, to the extent Equity Trustees is satisfied that such information is required to enable the investor to comply with its statutory reporting obligations. This information will be supplied within a reasonable timeframe having regard to these obligations.

Foreign Account Tax Compliance Act ("FATCA")

In April 2014, the Australian Government signed an intergovernmental agreement ("IGA") with the United States of America ("U.S."), which requires all Australian financial institutions to comply with the FATCA Act enacted by the U.S. in 2010.

Under FATCA, Australian financial institutions are required to collect and review their information to identify U.S. residents and U.S controlling persons that invest in assets through non-U.S. entities. This information is reported to the Australian Taxation Office ("ATO"). The ATO may then pass that information onto the U.S. Internal Revenue Service.

In order to comply with the FATCA obligations, we may request certain information from you. Failure to comply with FATCA obligations may result in the Trust, to the extent relevant, being subject to a 30% withholding tax on payment of U.S. income or gross proceeds from the sale of certain U.S. investments. If the Trust suffers any amount of FATCA withholding and is unable to obtain a refund for the amounts withheld, we will not be required to compensate investors for any such withholding and the effect of the amounts withheld will be reflected in the returns of the Trust.

Common Reporting Standard ("CRS")

The CRS is developed by the Organisation of Economic Co-operation and Development and requires certain financial institutions resident in a participating jurisdiction to document and identify reportable accounts and implement due diligence procedures. These financial institutions will also be required to report certain information on reportable accounts to their relevant local tax authorities.

Australia signed the CRS Multilateral Competent Authority Agreement and has enacted provisions within the domestic tax legislation to implement CRS in Australia. Australian financial institutions need to document and identify reportable accounts, implement due diligence procedures and report certain information with respect to reportable accounts to the ATO. The ATO may then exchange this information with foreign tax authorities in the relevant signatory countries.

In order to comply with the CRS obligations, we may request certain information from you. Unlike FATCA, there is no withholding tax that is applicable under CRS.

Tax information form

Why you need to complete this form

The Foreign Account Tax Compliance Act (FATCA) and Common Reporting Standard (CRS) are regulatory requirements that aim to deter tax evasion by US and other foreign taxpayers. The Australian and many other foreign Governments (through their tax offices) have an agreement which means we must ask you, and you must answer, these questions. Information we gather is reported to the Australian Taxation Office (ATO) and in turn to global tax authorities. For more information, visit ato.gov.au.

If you are unsure of any of the answers, please contact a legal or accounting professional.

Which sections of the form should you complete?

- Superannuation funds, testamentary trusts, registered charities Section 1
- Individuals Section 2
- Companies and other trusts Section 3

What if more than one person is applying?

Each individual investor will need to complete a copy of this form.

HELP

Tell me about tax residence

You can be a resident of more than one country for tax purposes. Whether you are tax resident of a particular country for tax purposes is often based on the amount of time you spend in a country and the location of your residence and/or place of work. If you pay tax or have a tax liability somewhere, you are probably a tax resident there. Dual citizenship often brings dual tax residency. It depends on the country. For the US, tax residency can be as a result of citizenship or residency for tax purposes.

If you're unsure, ask someone who knows, usually your accountant.

What is a GIIN?

This stands for Global Intermediary Identification Number. GIINs are 19 digits long, issued by US tax authorities (the IRS) to non US financial institutions and sponsoring entities for purposes of identifying their registration with the IRS under US tax laws (called FATCA).

HELP

What is a financial institution?

This includes:

- an investment entity any entity that conducts certain activities or operations for or on behalf of a customer, including:
 - 'trading in money market instruments' and other relevant instruments
 - 'individual and collective portfolio management'
 - 'investing, administering, or managing funds or money on behalf of other persons'.

However, any trading, investing, administering or managing of **financial assets** on behalf of other persons must be done **as a business**. Note that **financial assets** does not include direct interests in real property.

An entity is also an investment entity if it is managed by another entity that is an investment entity.

An investment entity is generally only capable of including a trust if the trust's gross income is primarily attributable to investing, reinvesting, or trading in financial assets and the trust is managed by an entity that is a financial institution in its own right or otherwise is primarily conducting a business of trading, investing, managing or administering financial assets on behalf of other persons.

So, as general rules:

- managed investment schemes are investment entities
- trusts with professional corporate trustees (and often professional corporate investment managers) often are investment entities, such as unregistered (wholesale) managed investment schemes
- discretionary family trusts are not usually investment entities, even if they have someone managing the trust's assets for them.

The ATO gives some help in this, and it's worth seeking advice if you are unsure:

a depository institution

you accept deposits in the ordinary course of a banking or similar business e.g. a bank

a custodial institution

a substantial portion of your business (20 per cent plus of gross income) is held in financial assets for the account of others e.g. a custodian

certain prescribed entities

e.g. types of insurance companies that have cash value products or annuities.

HELP

What is 'active' and 'passive'?

- If you are answering this question, then relevant tax laws categorise you as a 'non-financial entity'.
- We require less information from active non-financial entities, and more information from passive non-financial entities.
- Please tell us if you are active or passive.
- You are active if you are not passive.
- Passive: because our income and assets are mostly passive. During the previous financial year, 50% or more of our gross income was passive income and 50% or more of our assets during that financial year were assets that produced or were held for the production of passive income. Passive assets are assets such as equities and debt securities that produce investment income such as dividends, interests, royalties and annuities.
- Passive: because we are not really a business. We are established and operated exclusively for: religious, charitable, scientific, artistic, cultural, athletic, or educational purposes; as a professional organisation, business league, chamber of commerce, labour organisation, agricultural or horticultural organisation, civic league; or as an organisation operated exclusively for the promotion of social welfare.
- Passive: because we are exempt from Australian income tax.
- Other categories of passive? They exist but are less common.

Get advice if you are unsure.
